

MiniBot™ | Instant Water Heater

**Why settle for
ordinary?**

| **3 litre** capacity

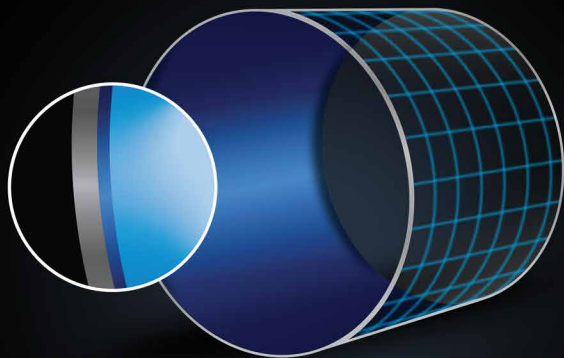

The **MiniBot™ instant water heater** is a master piece with an outstanding design and cutting edge technology, redefining the instant water heater category. You may say it's a perfect balance of form and function that will make your bathroom look magnificent and extraordinary. That's why we say...**Why Settle For Ordinary?**

Get instant hot water

Get instant hot water with high powered glass coated incoloy heating element. Glass coating on the element further enhances the life of the heating element.

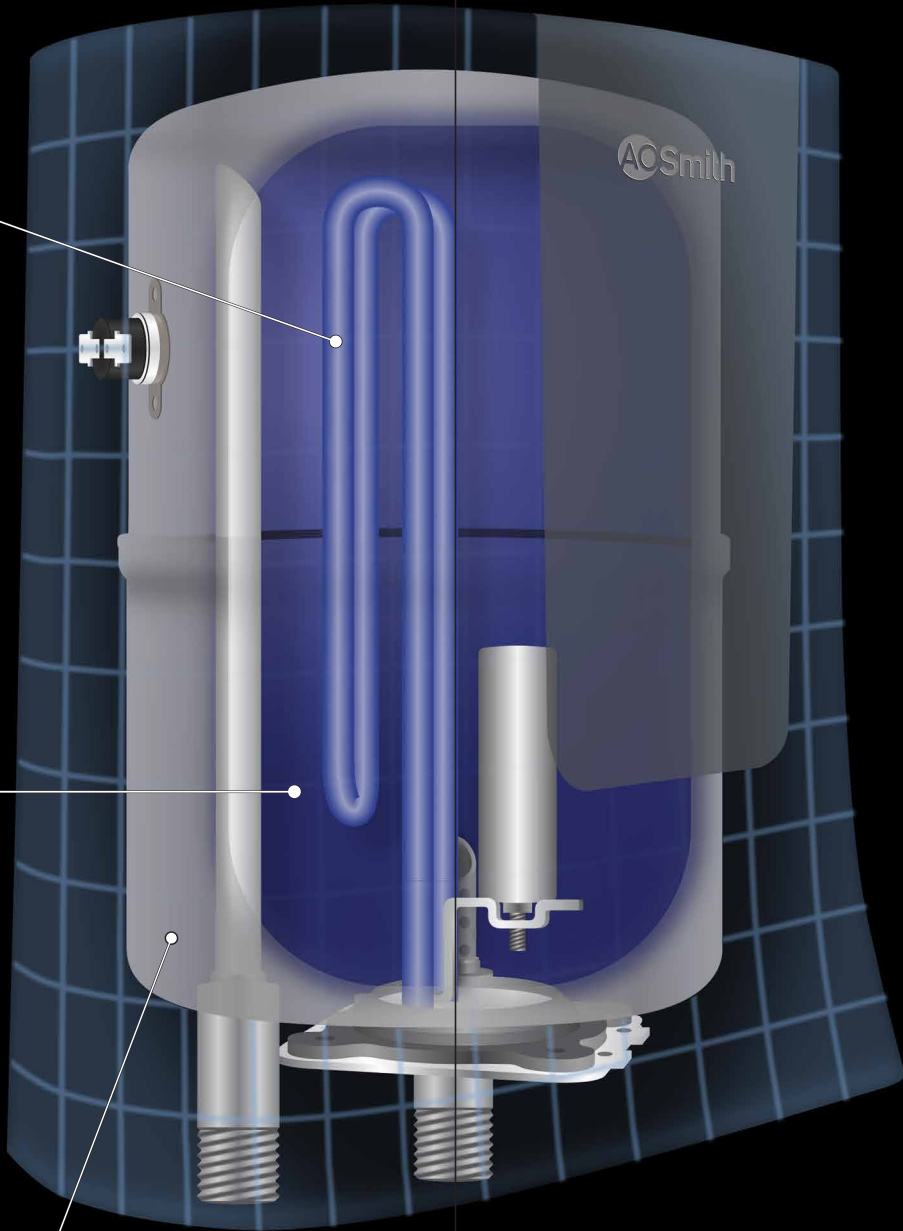

Longer life in toughest water conditions

A. O. Smith's patented **Blue Diamond®** glass lining in its tank provides the best protection against corrosion, even in toughest water conditions.

Designed for **high rise buildings** with **stronger construction** quality

8 Bar high pressure rating in its inner tank, made of special grade titanium makes it ideal for high rise buildings. **2mm tank thickness is 2X** compared to an ordinary Instant water heater.

Available in
